

## **SPS Chapter Award Report UNA Society of Physics Students Spring 2023**

**Chapter:** 4815

### **Project Summary:**

The purpose of the SPS Chapter award was to help cover the costs of the catering for a Sigma Pi Sigma induction ceremony for two graduating physics students, Hung lam and Jacob Laughlin. We estimated about 20 people to show up and used the on-line website from the UNA food services to estimate the costs to be about \$405. The students were invited to join Sigma Pi Sigma in March for the event to take place on May 4<sup>th</sup>. The student's membership fees were covered by the department and the "graduation package" was ordered for them for their graduation regalia. Both students accepted the invitation. We ordered the catering as on our original application, which was slightly higher in cost than expected, but close to our estimate. We attach the receipt for the catering at the end of this document.

The ceremony consisted of a presentation by the chapter adviser, who discussed the history of Sigma Pi Sigma, and the mission of the organization. The students were then sworn in and signed the chapter membership book. Overall, the induction ceremony was well attended and included a retired professor who had taught the students. Both students are next going to graduate studies. The project was successful overall.

UNA - Catering  
 One Harrison Plaza  
 Chartwells  
 Florence AL 35632
